

# CARE KOM

Support and maintenance of network infrastructure. Solutions for troubleshooting, and maintaining of multi-vendor networks. GigaKom provides you with the

best available support and maintenance care contracts in the industry. We customize an on site or off site plan that is right for you and your network.

## BENEFITS

### Save Money

Design a customized maintenance contract specific to your needs.

### Save Time

Alleviate your staff from maintenance issues, allowing them to concentrate on other projects.

### Assurance

Ensure peace of mind that your systems have the support they need, around the clock, 24/7/365.

## DID YOU KNOW?

Most maintenance contracts require you to call a customer service center initially.

### Solution:

GigaKOM's maintenance contracts put you immediately through to an experienced engineer.

You may have to contact multiple vendors to resolve an issue.

### Solution:

GigaKOM gives you a single point of contact for any of your multi-vendor networks, hardware and software.
